

Modartt releases Bösendorfer Concert Grand 280VC
for **PIANOTEQ**

Modartt proudly presents the first physical model of Bösendorfer's concert grand piano 280VC, authorized by Bösendorfer and available as an instrument pack for **PIANOTEQ**.

Available on popular demand

For many years, Pianoteq users have requested Bösendorfer pianos as part of our expanding library of grand pianos. It's easy to understand why: breathtaking dynamics, astounding colours, exhilarating brilliance, a sound as clear as diamonds, yet playfully gleaming like beaming sparkles of light.

Pianoteq physical model

Authorized by Bösendorfer, the physical model of Pianoteq faithfully captures the rich resonance and dynamic spectrum of the instrument, making it a true joy to play and bringing many hours of listening pleasure. Pianoteq offers a range of exciting presets, adapted for various music genres.

Praised by legends

Franz Liszt, Arthur Rubinstein, Victor Borge, Leonard Bernstein, Oscar Peterson, Vangelis, Tori Amos, Gonzalo Rubalcaba, Daniil Trifonov, and many more, have been using Bösendorfer pianos in their careers, leading to many prominent recordings.

Bösendorfer

Download and Try

The Bösendorfer Concert Grand 280VC can be purchased for €49 / \$49 and is accessible in the latest update 8.3 of Pianoteq for your evaluation. A free trial version and further details are available on the website: www.modartt.com.
